

Recommendation to the Helen Diller Family Foundation for leader Stella McInaney (center)

Dear Award Deciding Team,

As Helen Diller said, "It's never too...early...to give back and make the world a better place." Helen Diller would LOVE Stella McInaney!

At age 17- Stella has already saved multiple LIVES. When our Fentanyl Fathers were introduced to her, we knew we were looking at the 501c3 LOTTO. Stella crushed it in our first joint TV appearance and has never looked back: <https://www.nbcmiami.com/news/local/fentanyl-awareness-campaign-opens-eyes-in-miami-dade-high-schools/3154894/>

Stella has consequentially filled a need: YOUNG people are the ones DYING from Fentanyl so YOUNG PEOPLE need to advocate! Now - we have teamed up her organization SAFE - made up of YOUNG PEOPLE - to solve this #1 crisis. Stella is a LEADER in charge of our national naloxone (NARCAN, Kloxaddo brands) free distribution. We have referred all of our 62 high school assembly presentations in Miami-Dade County directly over to her for naloxone. We are thrilled to report Stella **has delivered!** We hope Stella can go national with us - it's "Scale or FAIL". We feel that Stella simply won't let us fail.

Stella is the most capable, selfless, talented and important young lady we have ever met. Her web site FentanylSafe.org showcases branding that is second to none. Stella is obviously going places. We are asking you to make her your first choice for this scholarship. We submit no one has saved more lives than Stella McInaney.

We proudly show her video at every presentation: <https://youtu.be/sVY0MruvH5s>. Let's keep the Stella McInaney train running and expand her impact via your terrific Helen Diller Family Foundation.

Sincerely,

Greg Swan
